Miss Roosevelt to Sit at Banquet Table With a Black Man.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Oct. 21.—[Exclusive Dispatch.] When the South wakes up tomorrow morning it will find that the President has done something more to show his independence. Just before the President left for New Haven this afternoon, he announced the appointment of George R. Koester to be collector of internal revenue for South Carolina. Koester is a Gold Democrat, opposed to Sena-

cal associates, and was recommended for appointment by Senator McLaurin, who, while elected as a Democrat, is charged by Tillman with having sold

North, and with voting with them in the Senate. Worse still, Koester is a newspaper man and acts as managing editor of a newspaper at Columbia, S. C., in which McLaurin is a controlling stockholder. He is a clear-cut young man, competent and popular. It takes but little imagination

pointment will kick up among the Tillmanites throughout the South, or the sort of fuss there is going to be when the appointment comes up for con-

With the appointment the following statement was issued:

"Mr. Koester is a prominent Gold Democrat and has been recommended for the position by a large number of influential business men and representative citizens not only of Sioux

"The appointment of Mr. Koester terminates a controversy which developed on Mr. Roosevelt with his ac-

connection with this appointment and that of former Gov. Jones to a Federal judgeship in Alabama that the President announced that his policy would be to name suitable Republicans if they could be found, and if not to appoint Democrats.

CALIFORNIA WOMAN CAUSES A
SENSATION AT MILWAUKEE.

Mrs. Sanders of Ontario Obtains a Divorce and Immediately Asks Permission to Get Married—The Court is Investigating.

(BY DIRECT WIRE TO THE TIMES.)
MILWAUKEE, Wis., Oct. 21.—Miss Elizabeth Sanders, a stylishly-dressed California woman, appeared in the Circuit Court today and was granted a divorce from Benjamin F. Sanders, who she declares is a wealthy fruit grower at Ontario, Cal. The ground for action is non-support. She came here a year ago and has since been making her living at painting and music teaching until she had lived here a year and could free herself from her husband. He made no answer to the charges.

As soon as the divorce had been granted, she asked permission of Judge Elliott to remarry. Under the laws of the State, divorced persons cannot marry within one year without permission of the trial judge. Heretofore judges have not asked any questions about cases, but have granted such requests, but Judge Elliott today ruled that before he would grant permission he would hear evidence, and if the case was a deserving one he would grant the request.

Benjamin F. Sanders, whose name is not known, and she refuses to discuss the case.

THEIR COMPROMISE.

Financial Troubles Which Caused the Merchants' National Bank of Lowell, Mass., Much Annoyance are Settled.

(BY THE NEW ASSOCIATED PRESS-B.M.)
LOWELL (Mass.) Oct. 21.—The financial troubles which have caused great suspense among the officers of the Merchants' National Bank three days, in consequence of the disappearance of its teller, Albert G. Smith, and its book-keeper, Lewis H. Swift, were finally settled today. The bank has now about \$115,000, and directors officially state this, and at the same time say they have had reason to believe that the shortage is represented by discrepancies on the books extending over several months. The securities returned in vaults was returned in carpet bags delivered at the bank very early this morning after the bank directors had been in conference at a hotel with Lawyers John C. Burke of this city and J. M. Elliott of Boston, representing the men. Their arrangement was by which the bank got the greater part of the plunder will not be stated. The securities returned to the Merchants' National Bank by Smith and Swift were valued at \$800,000.

GREATER THAN SUSPECTED.

(BY THE NEW ASSOCIATED PRESS-F.M.J.)
LOWELL (Mass.) Oct. 21.—The loss of the Merchants' National Bank by Smith and Swift turned up his book-keeper, on Thursday, far greater than was suspected by those directly connected with the bank. The security was returned to the bank by directors by J. C. Burke, counsel for Swift, at 2 o'clock this morning, reportedly. It is understood, of about \$800,000.

Mr. Burke tonight said that no agreement had been reached to shield his clients for, he added, "that would be illegal."

Tonight when told that it was understood that United States officers were searching for the men, Mr. Burke said it would be useless to search for them. Smith and Mrs. Swift have been in communication with their husbands since the securities were returned. Smith and the bank directors' statement early in the day that the bank's loss is \$115,000, though was late night Mr. Morgan, although one was expected. The bank examiner is now at work on the books.

WORK OF A MISCREANT.

Dastardly Attempt to Blow Up : Mine Superintendent's House and Kill Him and Family.

(BY THE NEW ASSOCIATED PRESS-A.M.)
WILKESBARRE (Pa.) Oct. 21.—A dastardly attempt to blow up the house of Reese Morgan, superintendent of the Murray mine, and kill himself and family was made last night. Mr. Morgan's home is on Grant street, one of the residence thoroughfares of this city. He had just opened the gate to go into the house when a terrible explosion occurred, which nearly knocked him off his feet. When he was able to collect himself he saw that a portion of his dwelling had been wrecked. The general investigation showed that the whole rear portion of the house had been torn away by the explosion. The general supposition is that some mine employe, and who imagined he had a grievance, is at the bottom of the plot.

FIELD FOR COPPER.

New York Will Reach Out to Become a Copper Trading Center—To Be Dealt With after Other Staples.

(BY THE NEW ASSOCIATED PRESS-A.M.)
NEW YORK, Oct. 21.—A movement is on foot, according to the Journal of Commerce, by which it is hoped to make New York a copper center trading office, the project originated in the New York Copper Association.

Up to the present time dealings have been confined exclusively to lake copper. This latter is produced by a few large concerns, of which the largest are the Calumet and Hecla company, having an outlet through consumption channels for its product. In lake numbers the total output of Lake copper is about 50,000 tons a year, the fifth of which is the product of the company above mentioned. The yearly production of all kinds of copper in the United States amounts to about 27,000 tons. The lake output consequently representing scarcely a fifth of the total. It is proposed to change the rule and establish a contract through which dealings on a large scale as in other staples, would be practicable. Since there is no duty on foreign copper imported into the United States the new contract is learned will be made to include copper from all parts of the world, thus giving a total annual production of over 60,000 tons as a basis of operations in the market. It is also said that the proposed tract will cover both the rough and refined metal on the basis of not less than 98 per cent. of fine copper, meeting under that not being agreed upon a test on the basis of the present methods of dealing in copper on the exchange is expected by its promoters to open a new field for operation.

AMERICAN IN JAIL.

Maj. La Lande of San Francisco Reported Confined in Prison at Rancho, Guatemala.

(BY THE NEW ASSOCIATED PRESS-A.M.)
NEW ORLEANS, Oct. 21.—Maj. A. La Lande, an American, who had been in San Francisco, is reported to be in jail in El Rancho, Guatemala, on the charge of a double murder. Maj. La Lande is a native of San Francisco. He achieved considerable publicity in this country a year or so ago when he was brought to New Orleans, after having been shot, while performing the duties of chief of police of Guatemala. City. He was kept in an infirmary for months, but when he got out he went straight back to Guatemala, although many who believed he was recovering from his wounds thought he was coming to see him had promised to complete the tour should he ever return. La Lande was killed in El Rancho, Guatemala, where he was reported to have avowed intention of settling with his enemies.

COFFEE DID IT.

Would have been Fatal if Kept Up.

"Coffee! Oh, how I did want it after nervous strain of public work. Something warm to brace me up was all I craved, but every time I drank it, I suffered the dying sensation that I was carrying a fatal poison to the center of the throat and ears."

"I had no strength to throw away in this way, so decided that hot water must do for me."

"One morning I came to breakfast in the home of some friends in Pueblo, Colo., just in time to see the Mother pour some rich deep yellow coffee into mugs for the two little boys. One little chap had thrust his fingers in the sugar was licking them with such approving smacks. This opened the way for me to say, 'Are you not afraid of the effects of coffee on the little folks?' The mother explained that it was Postum Coffee made at Battle Creek, Michigan, and marked: 'We think there is nothing like it.' Then she explained how the new coffee seemed to satisfy her by the use of the old-fashioned coffee and because 'it is so wholesome.' I drank there for the first time, and was delighted not only with the delicious flavor, but with the perfect satisfaction it gives. One day I was speaking with our family physician, who at Postum, when her daughter was marked. 'Yes, Mamma, we are out Postum, and I have used coffee for the last twelve years. It always brings tired feeling and troubles my stomach & bowels, but Postum makes me feel right.'

"In one home they served Postum in such a way that it was tasteless. We found that Postum boiled sometimes five minutes, and sometimes ten, is nothing more than spoiled water, but when it is made with two heaping teaspoonful each cup, and boiled fifteen or twenty minutes it becomes a tried and proved breakfast favorite, and for refreshment and wholesome nourishment, has equal."—N. PANAMA NOW THREATENED.

Rebels Hovering Near Isthmian City.

Red Flags Waved Within Sight of the Town.

Warships of Several Nations Awaiting Development of Events.

(BY THE NEW ASSOCIATED PRESS-P.M.)
COLON (Colombia), Oct. 21.—(By South American Cable.) The anxious and prolonged uncertainty regarding the date upon which the insurgents will probably attack the city of Panama still exists, resulting in a wearisome tension productive of disastrous results.

The recent doubling of import duties on all goods and of the liquor taxes will not be likely, it is thought, to result in a proportionate increase of revenue. On the contrary, many foreign orders have been canceled.

The United States battleship Iowa, the British sloop of war Icarus and the French second-class cruiser Protet, at Panama, and the United States gunboat Machias and the French cruiser Suquet, at Colon, continue to await the development of events.

Friday night a large number of insurgents were seen at Empire, an important railroad station near Panama, but they disappeared upon the approach of government troops. Yesterday another body of insurgents was seen at Fanfar, less than half a mile from the La Boca wharf, on the outskirts of Panama. Fanfar is where the insurgents posted their artillery when they shelled La Boca in last year's battle.

THEY WAVED RED FLAG.

(BY THE NEW ASSOCIATED PRESS-P.M.)
NEW YORK, Oct. 21.—(Exclusive Dispatch.) A Panama correspondent of the Herald says: A party of revolutionists said to be led by General Lugo, appeared on the heights in sight of La Boca, which is a few miles from Panama. The party waved a red flag and then disappeared. Government troops were sent after the party, but the latter could not be found. The government soldiers are now stationed in La Boca.

REBELS CONCENTRATING.

(BY THE NEW ASSOCIATED PRESS-P.M.)
KINGSTON (Jamaica), Oct. 21.—(Exclusive Dispatch.) Rebels received here from Panama say the Colombian rebels lost heavily in a battle near there last Tuesday. The rebels are concentrating in a camp in the neighborhood and both sides are preparing for a clash, which it is expected will largely determine the fate of the revolution.

WANTED IN THE NORTH.

Prisoner in the Los Angeles County Jail Must Face a Felony Charge at San Rafael.

(BY DIRECT WIRE TO THE TIMES.)
SAN RAFAEL, Oct. 21.—(Exclusive Dispatch.) Complaint was today filed by R. V. Hallon, manager of Hotel Rafael, and a warrant will be issued by Justice of Peace Rodden for the arrest of C. E. Atwood on a charge of passing a fictitious check.

Atwood is a smooth character, who is believed by the local authorities to have beaten a number of hotel men in the same manner at Hailton. He is now serving a four-month sentence in jail at Los Angeles for obtaining money under false pretenses. He operated in Pasadena and other places.

Wherever Atwood goes he lives in gorgeous style, representing himself as the owner or prospective purchaser of some first-class hotel. After making a short stop at Hotel Rafael, where he represented himself as proprietor of the Atwood Hotel at Tempe, Ariz., he intended to return to the First National Bank of Cincinnati. This check has been repudiated by the bank. Manager Hallon claims to have received letters from other persons who, it is alleged, have been victimized by Atwood.

At the conclusion of Atwood's sentence in Los Angeles he will be brought to this city for trial. In the meantime Dist. Atty. McLaren is making a thorough investigation of the man's record and expects to unearth a number of other swindles, as Atwood's operations are believed to have extended throughout the State.

SHE LIKES THE ORGAN.

Mrs. George Gould Wants Her Husband to Duplicate the Great Mormon Instrument for Her Church.

(BY DIRECT WIRE TO THE TIMES.)
SALT LAKE, Oct. 21.—(Exclusive Dispatch.) At the request of the visit of George Gould, wife and friends, to Salt Lake, the church of which the railroad magnate and wife are members in New York, it is said, to become possessed of a magnificent organ, as nearly a duplicate of the one in the great Mormon Tabernacle as it is possible to make it.

Local railway officers arranged with the authorities of the Mormon Church for a special organ recital for the Gould party, and after it was over Mrs. Gould turned to her husband and said: "George, we must have just such an organ for our church, don't you think?"

Mrs. Gould made some reply that the remainder of the party did not hear, and shortly after the electrified listeners to the marvelous music returned to their hotel where Mrs. Gould reviewed her importunities, and it is alleged that her wealthy young husband soon thought as she did.

TO ANNEX CUBA.

Advances from Havana State That Petitions are Among Cuban Business Men Favoring Annexation.

(BY THE NEW ASSOCIATED PRESS-P.M.)
HAVANA, Oct. 21.—(By West Indian Cable.) A petition asking that Cuba be annexed to the United States is being circulated among Cuban business men, and every effort is being centered upon annexation, as business men generally, it is alleged, believe that the reciprocity movement will amount to nothing. A meeting has been arranged

for Wednesday next, at which, although held under the guise of reciprocity, it is said the first gun in the campaign for annexation will be fired by Cuba's orators, Senores Desvergne and Lanusa and the Marquis de Montoro.

PAT CROWE AGAIN WRITES.

He Will Come in to See Omaha's Chief of Police if Suitable Terms are Offered as to Bond.

(BY THE NEW ASSOCIATED PRESS-P.M.)
OMAHA (Nebr.), Oct. 21.—Pat Crowe has written another letter to the chief of police. This latest communication from the alleged kidnaper was mailed in Omaha and states that the much-maligned Pat is secluded within twenty-five miles of this city. The writer insists that unless he is given assurance from the court that his bond will not exceed \$500 he will not give himself up. The communication is evidently written by the same man that wrote a letter to the chief a week ago. A brother of Pat Crowe and a sister both identified the writing as that of the man who has so long eluded the police and detective forces of the country. They profess to believe that their brother is near Omaha at this time.

SUGAR TRUST AIMS AT MONOPOLY.

COMPETITION BY BEET GROWERS TO BE CRUSHED OUT.

Domestic Cultivation of Cane also to Be Prohibited—Plan is to Bring About Repeal of the Protective Tariff by Congress.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Oct. 21.—(Exclusive Dispatch.) The annihilation of the sugar-growing industry of the whole country is threatened by the American Sugar Refining Company. Not only has an attack been made directly against the beet-sugar growers, an industry that is thriving now in thirteen States, but the growers of sugar in the South must face bankruptcy if the present schemes of the sugar trust are carried out. The plan is to abolish the protective system, to admit sugar free of duty and to turn over to the sugar trust and its associates the whole business of refining and distributing sugar.

To remove the duty on sugar, protection that has started an industry which now supplies half, and in time could supply the country's whole demand, would enable the trust to crush out competition and put into the pockets of its own members the sums it now pays on duty to the United States Treasury. The trust's champions estimate that the sum to accrue to the people composing the trust would be more than \$10,000,000 each year, and a home industry would be blotted out.

The first evidence of the trust's purpose came to light today in a circular letter from the trust to the growers of sugar in the United States. The circular is to collect statistics of the sugar-refining trade. This publication recommends the abolition of sugar duty and makes special reference to Cuba, and the fact that this is the general opinion in the sugar trade that the abolition of duty by Congress, where the fight undoubtedly will be made, will make it impossible for farmers to raise sugar beets in Cuba.

The immediate effect would be to turn over to the refiners of the sugar the whole industry, free from the aggressive competition of the growers of sugar beets.

CAMILLO MARTIN.

SAN FRANCISCO, Oct. 21.—Camillo Martin, who for forty-two years was the Consul of Spain in this city, is dead at his home here. He was 84 years of age. He was succeeded as Consul of Spain by Dr. Del Amo, but subsequently was appointed Vice-Consul. He came to California as the business agent of the Rothschilds, and became a prominent banker here. He married the daughter of George Hyde, a prominent banker of New York, and was knighted by the Queen Regent of Spain in 1893.

COUNCIL OF WAR.

(BY THE NEW ASSOCIATED PRESS-P.M.)
NEW YORK, Oct. 21.—The Vienna correspondent of the London Times and the New York Times quote the Lloyd, which says it learns from The Hague that Mr. Kruger, Dr. Leyds and other Boer leaders have held a council of war at Villa Caracasa to consider what answer is to be made by the Boers to the execution in South Africa.

It is said to be no doubt among the Boer leaders that diplomatic protests are inadequate. All present at the meeting except Mr. Kruger, says the report, adopted this plan on the ground that he did not wish to hold the campaign the character of a war between nations, although it had already become a war of extermination.

THE PRINCIPALS IN THE TRAGEDY.

Ex-Sheriff Harris and Son Shot Dead by Dr. Lovelace—Young Harris Had First Empty a Shotgun at the Doctor and Missed.

(BY THE NEW ASSOCIATED PRESS-P.M.)
WACO (Tex.), Oct. 21.—One of the fiercest duels fought in this section since the famous Brann-Davis tragedy occurred shortly after 1 o'clock this afternoon on Austin avenue, the busiest thoroughfare in the city, and resulted in the death of two well-known citizens.

The principals in the tragedy were Ex-Sheriff W. T. Harris and his son, W. T. Harris, on one side, and Dr. G. Lovelace and his stepson, Z. T. Reynolds, on the other.

Had feeling had existed between the two sides, between the two factions, and trouble had been expected as a result. The men by chance met in the Turf saloon, where Harris and Reynolds, over his (Harris's) father's shoulder, without effect, Lovelace immediately returned the fire with a revolver, killing young Harris almost instantly.

Lovelace and Reynolds were both unhurt. They immediately gave themselves up to the police and were taken to jail and locked up to await the action of the grand jury, which is now in session.

W. T. Harris, Sr., was six years Sheriff of this county, and made an excellent reputation in that capacity. At the time of his death he was engaged in farming and agricultural pursuits.

The younger Harris was for a number of years connected with the Provident National Bank of this city, but more recently with the Cotton Belt railroad. He was a practicing physician in this city, and Reynolds is a farmer.

The principals were all related in some degree by marriage. Harris and Reynolds were married to the daughter of a man named Broderick, who was a prominent citizen of this city. The elder Harris leaves a widow and two married daughters.

HURRICANE SOUVENIR.

British Ship Which Was Blown Ashore at Galveston Will Be Refitted for Pacific Coast Trade.

(BY THE NEW ASSOCIATED PRESS-P.M.)
NEW YORK, Oct. 21.—A souvenir of the Galveston hurricane of September 8, 1900, is being preserved in the shape of the British steamship Roma, of 1727 tons net, which was blown broadside on by the current and swept through four bridges. Charles Clark & Co., who had floated six other steamships stranded by the hurricane, undertook to float the Roma, and she was sold to James Jerome, manager of the Saginaw Steamship Company of San Francisco. The ship was damaged to a great extent, but is being refitted for Pacific coast trade.

THE RIGHT TO PICKET.

Judge Kohlsaat Modifies His Order So as to Permit Moral Suasion—Machinists' Union Appeals.

(BY THE NEW ASSOCIATED PRESS-P.M.)
CHICAGO, Oct. 21.—Judge Kohlsaat of the United States Circuit Court today modified his injunction order against the members of the International Association of Machinists in the Allis-Chalmers case so that peaceful picketing or moral suasion is permitted. The court issued the formal order today and in the several counts of the injunction specifically barred acts of violence or threats tending toward intimidation. It was not intended to prevent peaceful picketing, and it was impossible to draw the line between peaceful picketing and intimidation, and that each case would have to stand on its own merits. The machinists' association at once appealed the case to the United States Circuit Court of Appeals.

KOHLER ASKS INJUNCTION.

The establishment of a municipal restaurant, where well-cooked meals and pure tea, coffee and liquors can be obtained amid comfortable surroundings at moderate prices. A joint deputation of the London Trades' Council and the Social Democratic Federation will invite the London County Council to make an experiment with one such enterprise in the heart of London, where the great new thoroughfare will shortly be opened connecting the Strand and Holborn. James MacDonald, secretary of the Trades' Council, said to a correspondent:

"During the last few years the County Council has acquired for purposes of public improvement numerous small, old-fashioned houses, which have been torn down and replaced by ordinary shops. The value of the houses is now estimated at a sum aggregating \$250,000. This loss will ultimately be borne by the taxpayers. We suggest that the council retain one of these houses, and build handsome premises for the accommodation of the workingmen, who are at present compelled to eat their meals in cheap and unsatisfactory coffee houses or saloons, which give slight consideration to the food compared to the drink they serve. A municipal restaurant could well afford to furnish good meals, tea, coffee, pure beer and spirit at prices to suit the workers. It is proposed that such a saloon should indirectly attain its object by paying a manager a salary based on the sales of food and temperance drinks, thus discouraging the sale of intoxicants."—(London Correspondence Chicago Record-Herald.)

One of the latest possibilities in connection with the Geoford refinery, now in the course of construction, is a pipe line from the plant to the Kern River field, and steps already taken are favorable for its construction.
 Work on the refinery is progressing, and at the present rate the plant should be ready for business by January 1. Now that the completion of the plant is but a matter of time, those interested in the enterprise are turning their attention to the pipe-line scheme, which is regarded as feasible. The present plan is to construct an eight-inch pipe from the Kern River field with main line to connect. Water will be used to modify the crude oil to a condition permitting its transfer by pipe, but it is believed that distillates will be used for that purpose.

GAMBLERS FLOCK INTO ORANGE COUNTY. GETTING OUT OF LOS ANGELES FOR PASTURES NEW.

Opening joints in Santa Ana and other places—One Proprietor Fined and Raid Made at Orange—People Tired of the Toughs.

SANTA ANA, Oct. 21.—[From The Times' Resident Correspondent.] As a result of the raid recently made by Chief Elton on the gambling fraternity in Los Angeles, Santa Ana has several new poker dens, and according to information that leaks out from the "inside," more of that undesirable element is headed this way. There have been gambling joints in the heart of Santa Ana for years, but the officers claim there is no way of reaching the offenders under existing laws, and consequently they operate without molestation. There has been no attempt to arrest the "tin-borne" as vagrants, which was so effectively done here five years ago, and which practically eliminated that tough element from the city for a time. The people are considerably aroused and disgusted about the condition of affairs, and it is not unlikely that influence will be brought to bear on the police to go after the gamblers in some way.

ONE JOINT-KEEPER FINED. Late last night complaint was made to the officers that two small boys had been entered into a gambling den on the second floor of the building adjoining the Rossmore Hotel, and owned by John Avas of the Richelieu Hotel, who was formerly president of

the Board of City Trustees. The proprietor of the "joint," William Robinson, better known as "Todd Robinson," was arrested. This morning Robinson appeared in the Justice Court and pleaded guilty to the charge of \$20. This gambling hole was started only a few days ago.

TROUBLE AT A DANCE. There was a Mexican dance on Fruit street, near the old Harris House, last night, which ended in a fight and several disfigured physiognomies. It all came about by one of the dancers chastising a small boy who persisted in getting in the way. Edward Molino took the lad's part and informed Trinidad Castillo and Ignacio Carillo that they must leave him alone, whereupon the two men applied an epithet to Molino. Molino jumped them like a tiger, and before they could realize what was going on, he had administered to each a severe rebuke. Molino went into court this morning and pleaded guilty to fighting, and was fined \$10. Castillo and Carillo were each fined \$10, or given the alternative of spending eight days in the County Jail. They went to jail.

DRUNK AND ABUSIVE. H. P. Stanley was arrested this afternoon on a complaint sworn to by Mrs. N. B. Lucas, who resided at Second and Garvey streets, on a charge of disturbing the peace. It transpires that Stanley had been down town and had killed up on institutions, and when he went home at noon, he was considerably aroused and disgusted about the condition of affairs, and it is not unlikely that influence will be brought to bear on the police to go after the gamblers in some way.

OUR MEN WOUNDED IN LITTLE HESPERIA.

REPORT OF DESPERATE FIGHT, BUT NO PARTICULARS.

One Man Fatally Struck—Nervy Burglars Operate in San Bernardino—Southern Pacific Sued—New Stock-Ranch Company and Orange Companies.

SAN BERNARDINO, Oct. 21.—[From The Times' Resident Correspondent.] Burglars effected an entrance into the Anker Hotel last night through a rear door and got away with a small sum of money, which was abstracted from the pockets of Marcus Levy, J. S. Jones and George Helms. Levy and Jones were awakened by the robbers, but were silenced by a bulleye lantern flashed in his face, with a command to keep still. The robbers' trail was followed for a distance, but they were not apprehended. They are said to have even looked a valuable diamond and a gold watch in their hurried search.

BLOODY AFFRAY AT HESPERIA. Deputy District Attorney Duckworth left for Hesperia tonight in response to a telegram announcing that in a stabbing affray there one man had been fatally wounded and three others severely injured. The dispatch contained neither names nor particulars.

SOUTHERN PACIFIC SUE. John L. Pavlovich has brought suit against the Southern Pacific company to enforce payment of \$7500 for damages alleged to have been sustained as a result of the company quarrying and removing rock on land at Decaturville, in which the plaintiff claims to have an interest. Judgment is further asked for the defendant's expenses, and prohibition from removing material from any description from the land described.

NEW INCORPORATIONS. Articles of Incorporation of the Rancho Verde Company, with headquarters at Victor, were filed today. The company is capitalized at \$30,000, all of which has been subscribed by the following: H. E. Harris, San Bernardino, \$10,000; John A. Cole, Victor, \$10,000; Milo Rotter, Los Angeles, \$10,000; Henrietta Hawley, Cole, \$100; Frank P. Flint, Los Angeles, \$100. It is the purpose of the incorporation to establish a horse and cattle breeding farm on the big Harris and Cole ranch near Victor.

Articles of Incorporation of the National Orange Company and the Four Orange Company, both with headquarters at Riverside, were filed today.

AGRICULTURE IN ALASKA.

Prof. Geogeson Tells of Conditions as He Found Them on an Official Tour of Inspection.

SPECIAL CORRESPONDENCE OF THE TIMES. TACOMA (Wash.) Oct. 15.—Prof. C. C. Geogeson, special agent in charge of Alaska investigation in agriculture, has returned to Sitka after a two months' tour of inspection of the interior. Having visited the experimental station at Kenai in the spring, Prof. Geogeson left for the Yukon basin July 13, going in by way of the White Pass. The river was descended as far as the Holy Cross mission and inspection, made at all the usual points where landings are made.

"From an agricultural standpoint," says Prof. Geogeson, "the conditions throughout this entire region are very encouraging. There are good gardens everywhere, superior to those at Sitka. Grain is also grown in a small way and quite successfully."

In reply to the statement that the current belief was that the earth all along the Yukon was frozen to a great depth, Prof. Geogeson replied: "Yes, that is true, but it does not tell the facts in this matter. In my two visits to the interior I have examined into this subject, and it is one that concerns my work especially. Where the ground is covered with moss, and particularly in the wooded regions, you will always find the earth frozen to great depths, and it is more than probable that this condition has existed from remote ages. But in cleared land, where the moss has been removed, the sun's action has been unhindered, the ground will thaw for three or four feet in one year. This will not freeze very deep the following winter because there is always a heavy snowfall before the coldest weather. The thawing on this cleared land goes on to greater

depths than at one place on the river. The depth of twenty-five feet without finding any frozen ground.

"At Holy Cross mission they had new potatoes, cabbage, cauliflower, lettuce, radishes, turnips and beans growing in their garden ready for use when I was there early in August, and they were as fine as any I ever tasted, and I had them every day during my entire stay there. The native grasses grew most luxuriantly. I saw a photograph of some cattle they had there and asked them to turn them into the grass, but I found that I could not see the cattle at all because the grass reached above their backs. People are beginning to have more faith in agriculture all through this region. Hay and oats were selling at the same price as in Dawson, 64 cents a pound, so that there is money in the raising of hay at \$120 per ton.

"There are many natural meadows along the river, and these will be more and more used for farms. Two farmers at West Decaturville have leased 110 acres each, of which forty acres have been cleared. Here I saw oats ripe, with large, plump heads, and the latter part of August. In the Dawson market local grown vegetables are for sale. I have a photograph of a fine display both in variety and size of vegetables, all raised near Dawson. The country is not yet worked out by any means, and the diggers are being opened continually, and my journey this summer has materially strengthened my faith in the agricultural possibilities of the Dawson country."

"Don't you think young Mr. Binx is interesting?" said young Mr. Binx. "Yes," answered Miss Cayenne. "In a way. A man who could store his mind with so much unimportant knowledge could not fail to be worthy of study. He puts me in mind of a scientist who goes about collecting specimens that nobody else wants."—Washington Star.

TORTURE IN RUSSIAN PRISONS. A correspondent of the Novosti has been asked the question as to the torture prevalent in Russian prisons. In order as far as possible, to get at the truth of the matter, barristers who are engaged in the defense of political prisoners, and have had frequent intercourse with their clients in the period preceding their trial, have been interviewed. None could give a certain answer. All were clear that nothing of the kind takes place before trial, but none would answer for what occurs once the portals of the convict establishment have closed upon the condemned man. Only one had any direct evidence to offer. He was a barrister who defended Solovioff, who,

in 1871, fired at the Emperor Alexander II. This gentleman states that by chance he met the car on which Solovioff was being conveyed to the prison. "The figure," said the lawyer with a shudder, "had to me all the appearances of having been assassinated. I think my eyes did not deceive me."—(St. Petersburg Correspondence Fall Mail Gazette.)

"Why is it?" complained the German Fried Potato. "That you are more generally esteemed than I am?" "Perhaps it is because all the world loves a lover!" replied the Mashed Potato, being more modest than logical.—Detroit Free Press.

RAW "TAMMANYISM." The "Tammanyism" of the city was further exposed at a late meeting of the fire department, when application was made for relief for Henry Bloomhorst, former engine driver, discharged, according to general belief, for failing to pay \$5 a month of his salary into the Young Men's Democratic Club, the discharge most inopportunistically occurring the burning of Bloomhorst's home and the loss of all his family effects. The relief was granted, but the application brought out a few things that will make juicy evidence at the next municipal election. It is now told that the municipal taxation is being piled up a fund whereby the Democrats hope to control the next election, and to counteract the affairs of the city and revenue of the city to their own liking. The fund of \$5 a month, it now appears, comes through a raise of salaries all around among the city employees of \$5 each a month, the \$5 going into the treasury of the aforesaid Young Men's Democratic Club, to be held in liquidated. The scheme is very simple, and yet is as direct a tax upon the city as though included by the assessor in his assessment list. The scheme is so very raw that a number of the more prominent Democrats have openly repudiated the "Tammany" organization and have expressed their willingness to aid the Republicans or any other party to win in the next election.

NEW CHARTER PROPOSED. The Legislature an act was passed, particularly referring to Phoenix, permitting the city or other towns of like size, to adopt a new charter, with metropolitan features. Under the authority of this act, petition is being prepared asking the Mayor and Council to submit the new charter to a vote

Nichols to Succeed Vickers as Territorial Auditor—"Tammanyism."

PHOENIX, (Ariz.) Oct. 17.—[From The Times' Resident Correspondent.] The Arizona statehood convention will meet in Phoenix Saturday, the 26th inst. A number of appointments have been made. The following are the delegates from Phoenix: J. B. Breckinridge, J. H. Manning, Rochester Ford, E. J. Trippel, Samuel Barkley and William Angus. From Tombstone have been appointed to represent the city: Hugh Conner, W. Land, A. Ashman and A. H. G. Knight. The Nogales Town Council to represent its municipality, has appointed: Capt. L. W. Mox, Col. Robert Williams, Allen T. Bird and Mayor W. F. Overton.

The chairman of the Territorial Central Committee, Republican and Democratic, have called for delegates to be selected by each County Central Committee, five being allowed to each such subordinate organization.

OFFICIAL TRIBUNALS. November 1, W. F. Nichols will take the place of territorial auditor, succeeding Dr. George W. Vickers. Dr. Vickers, admittedly one of the most thorough officials ever in the office, has filed the place for about five years. During the last year his office was made the target for the most violent assaults by a number of members of the Democratic legislature, but toward the end of the session the results accomplished by the investigating committee's report were shown by a resolution unanimously adopted, commending Dr. Vickers for the manner in which his office had been conducted. Dr. Vickers is a man of high character, and his resignation by the necessity for a closer oversight of the business of the Arizona Republic, of which he is owner. His successor, W. F. Nichols, is a man of high character, and his resignation by the necessity for a closer oversight of the business of the Arizona Republic, of which he is owner.

ARIZONA BREVITIES. Perhaps on a par with the Indian outbreak reported at the time of "Maricopa Jim's" sensational episode, is a telling that the J. Paches had arisen in eastern Arizona. The Apaches were reported to have been seen in the vicinity of the Arizona orange crop, promising to be unusually early this year, as the season is already well advanced. The usual time of ripening is during the last week of November, but there is little doubt that this year the crop will be ready for picking about the first of December. SAN LUIS OBISPO. SAN LUIS OBISPO, Oct. 20.—[From The Times' Resident Correspondent.] J. P. Andrews, president of the Andrews Banking Company, has commenced building a brick block on Monterey street, adjoining the bank. The building is to be a four-story structure, and is in course of building in this city.

THE LADIES OF THE W.C.T.U. are packing a box of clothing, household furnishings, drugs and canned fruit, jellies and everything needed in a large family for the Ransom home. A purse will accompany this box as a Thanksgiving present.

The Evangelist services, conducted at the Baptist Church the past week by Rev. George W. Taylor and wife, have been so well attended and so successful, that they will continue this week.

OFFICIAL TRIBUNALS. November 1, W. F. Nichols will take the place of territorial auditor, succeeding Dr. George W. Vickers. Dr. Vickers, admittedly one of the most thorough officials ever in the office, has filed the place for about five years. During the last year his office was made the target for the most violent assaults by a number of members of the Democratic legislature, but toward the end of the session the results accomplished by the investigating committee's report were shown by a resolution unanimously adopted, commending Dr. Vickers for the manner in which his office had been conducted. Dr. Vickers is a man of high character, and his resignation by the necessity for a closer oversight of the business of the Arizona Republic, of which he is owner. His successor, W. F. Nichols, is a man of high character, and his resignation by the necessity for a closer oversight of the business of the Arizona Republic, of which he is owner.

ARIZONA BREVITIES. Perhaps on a par with the Indian outbreak reported at the time of "Maricopa Jim's" sensational episode, is a telling that the J. Paches had arisen in eastern Arizona. The Apaches were reported to have been seen in the vicinity of the Arizona orange crop, promising to be unusually early this year, as the season is already well advanced. The usual time of ripening is during the last week of November, but there is little doubt that this year the crop will be ready for picking about the first of December. PASADENA ROSE FETE
GETS A PRESIDENT.

JAMES WAGNER JUST ELECTED TO
THE POSITION.

Two Men Killed and Driver Bruised
by This—Mrs. Coleman Describes the
Pasadena Rose—Sudden Death of
the Thacker—Capt. Collins Re-
sisted.

PASADENA, Office of The Times.
No. 1018 Raymond avenue, Oct. 21.
[From The Times Resident Cor-
respondent.] James Wagner was elected
president of the Tournament of Roses
for the coming year, the first
meeting of the recently
elected board.

Mr. Wagner never has
been a Pasadena resident, but
he is a somewhat similar in
his work, and his friends recom-
mend him as the right man for the
position. He came to this city last
spring from New York, where he was
vice president of the American
Telephone Company. Since residing
in Pasadena, with J. S. Glascock on
his second avenue, Mr. Wagner
has been employed as a life
guard at the beach, and has been
served by local Woodmen, who gave
him a reception on the corner where
they were passing their car.

Jack Turner, line repairer for the
and were shown about town. Their
Railway Company, fell from the top
of the portable repair tower today,
but was not hurt. Several years ago
Turner took this same tumble and
broke both his legs. Since then he has
learned to fall on his feet.

Lots of mining operations for gold
are going on in the mountains here-
abouts. Dr. Coburn of Los Angeles,
an operator with capital, is said to
have staked out some fifty claims in
the mountains ranging from Pine to
Mount Lowe. He has men working
there for him.

Mr. Wagner's name was proposed to
the directors by F. Bruce Webster, the
president of last year. He had not
been a director. He was asked by Mr.
Webster if he would accept the
position and replied in the affirmative.
The board of directors also practically
passed the resignation of the as-
sistant directors in the hands
of Mr. Wagner. That he be
satisfied to name his own assistants.
He will assist with the board as re-
cently done and retain those who
wish to serve their term. The de-
tails of the election were carried
over to the next issue.

SAND-DAB PURSUIT
OFF SANTA MONICA.

PROSPECTING IN INTEREST OF
SPORTSMEN FISHERMEN.

Visitation of Homes of Ancient Cave
Dwellers in Arizona—Visitor [Mis-
taken for a Preacher—Three Days of
Sport—Machado Case.

SANTA MONICA, Oct. 21.—[From
The Times Resident Correspondent.]
The recurrence of the seasons is bring-
ing some notable developments along
this part of the coast in the way of
fishing as a sport. Gradually those
who go down to the sea with patent
rod and reels and lines of exceeding
fineness are cutting loose from the
professional fishermen. The latter are
adepts in getting quantities that will
make the scales come down on the
right side when their day's catches are
weighed, but their knowledge of where
to find the best sport is not always
comprehensive.

Capt. J. Addison Smith of Ocean
Park will take a party out Tuesday
on a prospecting tour in the launch
Donohue. Five or six miles off shore
from here, according to a chart made
by the United States Fish Commission
steamer Albatross, there are fishing
grounds where the sand dab may be
caught. The bottom lies at a depth
not far from 150 feet.

The sand dab is a small fish which
is much prized by epicures and is said
to have a flavor superior to that of
pompano. It usually feeds at depths
ranging not far from 150 feet. On the
prospecting tour Tuesday Smith
will carry a variety of line and bait
and note the results of the use of the
several kinds.

VISITED ANCIENT CAVES.

Mr. and Mrs. O. W. Westover returned
Sunday from a trip to the Grand Canyon
of the Colorado River. They spent a
part of their outing in visiting the
crumbling habitations of the ancient
cave dwellers about twelve miles from
Flagstaff, Ariz. Some of the caves
which they reached by means of ladders
had supposedly seldom or never
before been visited by white men. The
walls and tops of the caves are fairly
well preserved and in some of them the
marks of smoke are quite distinct.
The floor of the bottom are thickly
covered with litter and rubbish of one
kind and another which had evidently
been brought in by animals making
their homes there. By signs of the
accumulation of debris pieces of
pottery, and in one instance a well-
preserved corn cob, were unearthed.

When Mr. and Mrs. Westover were
approaching Angel Camp, not far from
Williams, Ariz., a message was dis-
patched ahead to the effect that the
party was coming and that it included
a minister and his wife. There was
only one unoccupied room in camp,
the other sleeping quarters being in
tents. It was decided to give the
minister and his wife the room. The
minister, who had been visiting Easton
T. Sims, left on tonight's limited for
his home.

Verdict of Accident.
The coroner held an inquest yesterday on the remains of R. F. Fernandez, a resident of Los Angeles, who was killed Sunday by being struck on the head by a revolving pipe. The jury rendered a verdict of accidental death.

Lamar Arraigned.
George Lamar was arraigned in the United States District Court yesterday before Judge Neill on a charge of attempting to defraud the government by issuing counterfeit coin. The court appointed David L. Williams, Jr., as counsel, and continued the case until next Monday.

Angelenos as Translators.
Julius H. Black and George R. Du Bois, Los Angeles men, doing business as expert translators under the firm name of Black & Du Bois, Apartado 85-B, Mexico City, have issued a circular letter to all American exporters, soliciting the patronage of those who desire to extend their business into the Spanish-speaking republics.

Deporting Ex-Convicts.
Deputy United States Marshal Campbell of Albuquerque passed through the city last night, having in custody Sam G. and Sam Lee, two Chinamen, who are on route to San Francisco to be deported. The prisoners have just completed a year's term in the Santa Fe penitentiary for forging Chinese certificates, and as soon as they were released their deportation was ordered by the United States District Court.

Lemons Rushing.
Saturday and Sunday twenty-two carloads of lemons were shipped east. For more than a month the movement of lemons has been brisk, and lemons are pretty well cleaned up. For some time the East has been almost dependent on California for lemons. A month Thanksgiving Day will be here, and there will be a good market for lemons. Those now going out probably will be distributed to the trade for that occasion.

His Hair Staged Off.
The two-story frame house at No. 119 North Central avenue, occupied by George W. Freeman, an oil man, was damaged by fire to the amount of about \$100 at 4:45 o'clock yesterday afternoon. The fire started in a closet from an unknown cause. In attempting to extinguish it and save some of the household goods, Freeman's hair was almost all singed off, and his face and hands were blistered. Mrs. Freeman was also slightly burned.

Now Charged With Burglary.
George Lanston was arrested on suspicion by Patrolman Vignes late Sunday night at Twenty-third and Flower streets. Yesterday the charge of burglary in the second degree was preferred against him by the detective. Lanston is accused of having forced an entrance into a room in an East Second-street lodging-house about two weeks ago. A fine clock was stolen from the room, and the officers say they can prove that Lanston stole it.

Hand on College Funds.
William A. Judge, giving his occupation as a railroad conductor, and Los Angeles as his residence, yesterday filed a petition in bankruptcy in the United States District Court. His liabilities are scheduled at \$24,496, and his assets at \$4,675, all of which he claims to be exempt from execution. Of his indebtedness, \$10,000 is due to Pomona College, and is claimed to be exempt, because it is a mortgage on a homestead. The next largest item which is exempt is \$10,000 life insurance.

Hebrew Dignitaries.
George Samuel of Oakland, Grand President of the Independent Order of B'nai B'rith; Rabbi M. Friedlander, Grand Rabbi of Los Angeles; and Rabbi S. J. Aschheim, Grand Rabbi of Los Angeles, arrived in the city yesterday. Tonight they will be given a banquet at Elks Hall. Grand President Samuel is District Attorney of Alameda county, and Grand Chancellor of the Knights of Ozark; Rabbi Friedlander presides over the First Hebrew Synagogue at Oakland; Grand Secretary Aschheim is a business man of San Francisco, and was formerly secretary of the Board of Education of that city.

Runaway Boys Caught.
A telephone message was received at the detective's office late yesterday afternoon from San Diego, in which the officers to look out for two boys who had run away from home, and who were believed to be on the Santa Fe train due here last evening. Two officers went to La Grande station, found the boys when the train arrived and placed them under arrest. At first they gave assumed names, but finally admitted that they were the boys wanted. Neither is over 14 years of age. They were locked up, and will be held until the arrival of an officer from San Diego to take them back.

Scalp Laid Open.
William Paul, an employee of Christopher & Sparks, confectioners, at No. 241 South Spring street, whose home is at No. 239 South Hill street, was the victim of a severe accident at 8 o'clock last night at his place of employment. He was standing on the elevator used to raise goods through a sidewalk trap door, helping another workman untrap a wagon, his head at the level of the sidewalk, when one of the heavy iron trap doors was slammed shut. The edge of it struck Paul on the left side of the head, cutting a gash four inches long through the scalp. The injured man was taken to the Receiving Hospital, where a number of stitches were taken in the wound. His skull was not injured.

WHAT OTHERS ADVERTISE We Sell For Less

L. J. Hamburger & Sons
SAFEST PLACE TO TRADE

An Auction Silk Sale.

The furious selling of yesterday will be repeated today. The most extraordinary values that we have ever procured for our patrons, are selling rapidly. There was a difference between this auction sale and the average auction. This sale offered the finest silks obtainable, also dependable, staple qualities that seldom vary in price. We secured our share of these goods. We gave you the full news in "Sunday's Times." We repeat some of the best items of the sale. If you have not already attended this tremendous silk sale, we advise coming quickly.

89c Black Armure Silk 59c.
100 yards of black armure silk, very desirable for full gowns or petticoats. You can use either side. A quality you would expect to pay \$2.00 for, selling for 89c.

\$1.00, 27 Inch Black Taffeta 69c.
A nice quality that will not crack or split. It will make a beautiful petticoat or lining for a soft, elegant dress. Remember the width, 27 inches. \$1.00 quality for 69c.

\$1.00 Black Peau de Soie at 75c.
The rich, lustrous kind that can only be made from an all silk thread. You can use either side. A dollar's worth in every yard. Priced at 75c.

\$1.39 Wash Taffeta Silk \$1.00.
The most popular and durable silk of today because it washes. No glue or starch in it. The proper silk for lining soft delicate fabrics; also desirable for waists and gowns; 27 inches wide; made to sell at \$1.39. Sale price \$1.00.

\$1.50 and \$2.00 Fancy Silks 95c.
300 yards of fancy waist silks of foreign and domestic makes. Embroidered taffeta, printed wavy Louisiana, Bertrams, lace stripes, etc. This season's specialties and newest productions. Made to sell at \$1.50 and \$2.00. Offered at 95c.

Sheets and Pillow Cases.
Values Increase as Prices Diminish.

For the next few days we will hold a regular sheet and pillow case party. We have been buying lavishly. We can sell the ready-made articles for prices which barely cover the cost of the material alone. Demand that such chances are offered.
